VACUUMS

KleanRite Vacuums

Introducing the KleanRite™ KRV5SL and KRV5WSLAC High Pressure Vacuums featuring solid construction and strong performance at an affordable price. The KleanRite™ 5SL, which is ideal for collection of powders, liquids, dust and debris, is a unit that is very easy to use and maintain - even in the most challenging of environments. The KRV5WSLAC features an onboard air compressor for improved performance.

Features & Benefits

Lightweight and highly maneuverable, the vacuums feature rear swiveling wheels with lock brakes.

The motor sits at the bottom of the vacuum for maximum stability.

A polyester main filter can be quickly and easily cleaned by the external manual filter shaker that maintains the vacuum's maximum suction power and filtration capabilities. (KRV5SL)

An onboard air compressor is equipped for fully automatic self-cleaning for prolonged filter life (KRV5WSLAC)

A unique release lever lowers the wheeled collection container for fast and easy disposal of collected debris.

An optional HEPA filter ensures that 99.97% of particles are retained, down to and including 0.3 microns in size.

KleanRite™ Vacuums

KleanRite VACUUMS

Part Number	Description
KRMC3-5SLN2	5SL 220V (3ph) High Pressure Vacuum
KRMC3-5SLN4	5SL 480V (3ph) High Pressure Vacuum
KleanRite™ 5SL	Specs
Voltage	200-240V / 380-480V
Watts	4800
Waterlift max	200"
CFM max	230
Dimensions	41.5"x26.4"x60.2"
Tank Capacity	26 Gallons

Part Number	Description
KRV5WSLAC	KRV5WSLAC High Pressure Vacuum with onboard Air Compressor
KleanRite™ 5SL	Specs
Voltage	230V/440V, 3 Phase, 60HZ
Watts	4800
Static Pressure	Maximum 90 in H2O
CFM max	300
Dimensions	53" x 27.5" x 67"
Tank Capacity	200lbs
Tank Capacity	26 Gallons
